STATINTL

1. It is my feeling that the coverage suggested in the attached memo [REDACTED] is provided under PL 88-558; and in fact could have been provided prior to passage of PL 88-558.

2. I would appreciate receiving your views regarding the Agency's ability to reimburse for damage to or loss of a POV prior to and subsequent to the passage of PL 88-558 under the following sets of circumstances:

a. Damage to or total loss of an employee's POV, which was due to riot or mob action, revolution or war, or sabotage due to internal disorder;

b. The same situation described in "a" above, except that the POV was being used for official business at the time of the damage or loss.
